

Começando

Getting Started

A Oracle Corporation é uma empresa multinacional de tecnologia e informática dos Estados Unidos, especializada no desenvolvimento e comercialização de hardware e softwares e de banco de dados.(WIKIPEDIA).

A empresa possui diversos produtos relacionados a infraestrutura e aplicações em nuvem, tudo dentro de um ambiente integrado e com suporte.

Este tutorial visa a criação da Conta da Oracle (Oracle Account) e os primeiros passos dentro do console da Oracle.

The Oracle Corporation is a multinational computer technology corporation from the United States, specializes in the development and commercialization of hardware and software of database (WIKIPEDIA pages from Brazil).

The corporation has several products related to the infrastructure and applications in cloud, everything inside an interconnected environment with support.

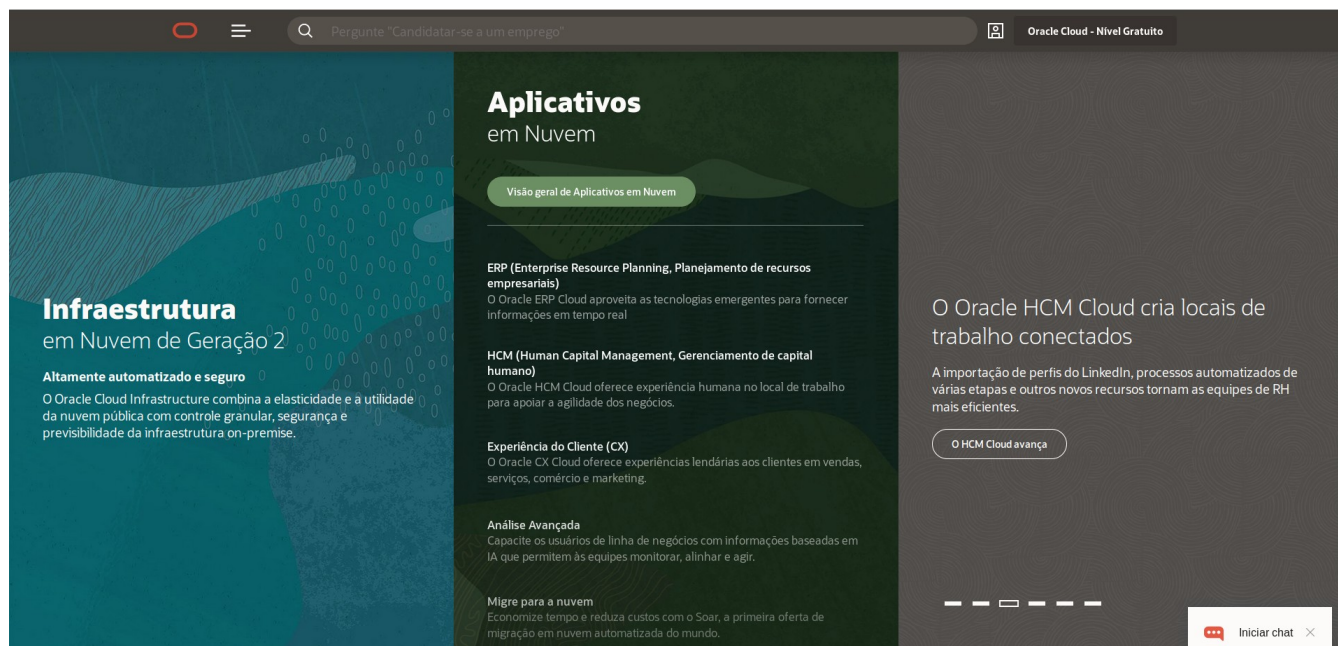

This tutorial is meant to teach how to create an Oracle account, and the first steps inside the oracle cloud console.

1. Criando uma conta

1.Creating an account

*Primeiro acesse a página <https://www.oracle.com/br/index.HTML> ,onde você será recebido pela tela abaixo:

*First access the page <https://www.oracle.com/index.HTML> , where you'll be presented with the screen below:

*Clique no link na parte superior direita “Oracle Cloud – Nível Gratuito”

*Click the link in the topmost right position “Oracle Cloud -Free Tier”

*Na tela seguinte clique em “Comece gratuitamente”

*In the next screen, click “Start for free”

*Você será redirecionado para uma página onde deve preencher seu e-mail e país

*You’ll be presented with a page where you must enter your e-mail address and choose your country

*Depois de preencher os dados iniciais, você deverá preencher o formulário apresentado, e validar seu número de telefone para prosseguir:

*After you have given your e-mail and country, you must fill the form with your data and validate your phone number to go on:

Verify Your Mobile Number [Cancel](#)

Verify the code which we have sent to mobile number *****8743.

Code *

[Verify Code](#)

[Resend Code](#)

i If you don't receive the mobile verification code in **01:30** minutes, then you may request another code.

Need help? Contact [Chat Support](#)

*Após validar o número de telefone escolha uma senha para sua conta

*After validating phone number you can choose a password for your account

Enter Password

Password *

 A value for Password is required.

Confirm Password *

-  The password must have at least 12 characters.
-  The password cannot exceed 40 characters.
-  The password cannot contain the First Name of the user.
-  The password cannot contain the Last Name of the user.
-  The password cannot contain the email address.
-  The password must have at least 1 lowercase character.
-  The password must have at least 1 uppercase character.
-  The password must have at least 1 numeric character.
-  The password must have at least 1 special character.

Next: Payment Information

*No próximo passo você deverá preencher o seu número de cartão de crédito. Você não será cobrado a não ser que faça o “upgrade” da sua conta para a versão paga

*In the next step, you’ll have to fill in a payment method (your credit card number), you won’t be charged unless you upgrade your account

*Depois de preencher as informações de pagamento, você deve marcar a caixa de termos e condições e finalizar a criação da conta:

*After you have finished filling your payment method, you must check the terms and conditions box and click complete the sign-up:

☒ By clicking **Complete**, I agree to the terms and conditions of the [Oracle Cloud Services Agreement V012418 for Oracle do Brasil Sistemas Ltda](#), (also available [here](#)) and this order including Service Description for Free Oracle Cloud Promotion Universal Credits - Part Number B88385.

Complete Sign-Up

Need help? Contact [Chat Support](#)

*Depois de completar seu cadastro você receberá um e-mail da Oracle dizendo que tudo ocorreu corretamente e que você já pode realizar seu login e logo após um e-mail constando os créditos gratuitos recebidos da oracle:

*After you completed your sign-up you'll receive an e-mail from oracle, saying everything went fine and you can login, and after that an e-mail about the free credits to the cloud:

ORACLE Cloud

Hello william,

Thanks for signing up for Oracle Cloud. You can access all eligible Oracle Cloud services using your credits during your free trial. Your account also gives you access to a set of Always Free resources, including Autonomous Database, compute, and object storage, which you can continue to use for free after your trial is over.

We're still setting up billing and a few other details, but you can go ahead and get started now.

If you provided a credit card during sign-up, it was only used for verification and will not be charged unless you upgrade to a paid account. Your usage during your promotional period is discounted.

Primeiro Login

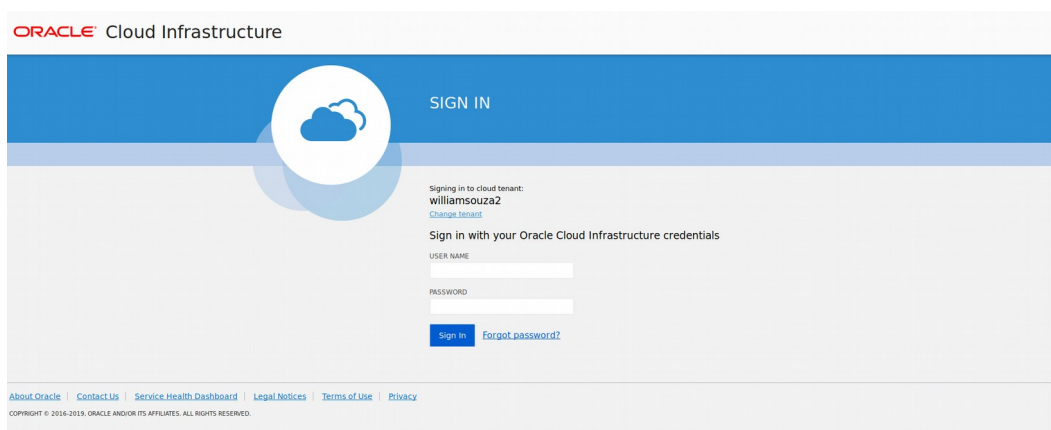

First Login

*A Oracle utiliza um sistema baseado em aluguéis (tenants) para organizar suas contas. O espaço em que você tem seus recursos é chamado tenant, e nesse espaço podem existir diversos usuários. O usuário que você irá se logar ao realizar este primeiro login é o “dono” do tenant, o root.

*Oracle Infrastructure uses a system based on tenants for the organization of the resources. All the resources you have under your domain are called a tenant, and in that tenant you can have more than one user. The user you'll login at first will be the “owner” of the tenant, the root.

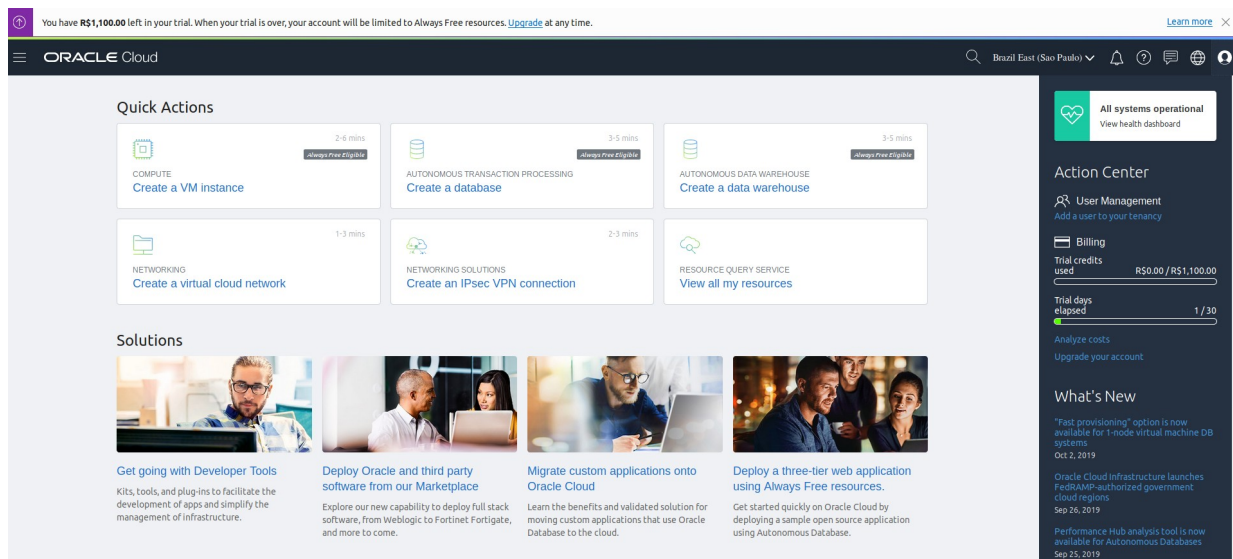

*Após o processo de criação da conta, prosseguindo para a tela de login teremos:

*After the sign-up process, you can go to the login screen:

*Após ter feito seu login, você será recebido pela aplicação da Oracle chamada Oracle Cloud Console, onde você terá acesso aos recursos de seu tenant:

*After you make your login, you'll be presented to the Oracle Cloud Console, where you'll have access to the resources of your tenant:

*Na parte superior você pode ver os avisos do seu console, que agora mostra seus créditos de teste.

*O painel a direita mostra o status dos seus recursos, próximo ao topo. Abaixo mostra seus dados relativos a pagamento e créditos, em nosso caso mostra os créditos gratuitos e dias de teste. Abaixo o painel mostra artigos da Oracle, e em seu final Links relacionados a AJUDA.

*Na página inicial temos os botões para criação de uma instância de VM, Banco de Dados, e outros recursos.

*A esquerda (próximo ao nome “Oracle Cloud”) temos um “menu de hamburguer”, que abre o painel esquerdo, onde podemos navegar pelos diversos recursos oferecidos pela plataforma da Oracle.

*At the topmost part you can see the warnings of your console, that now shows your trial credits.

*The right panel show the status of your resources, next to the top. Under the status it show your data concerning payment and credits, in our case it shows the trial credits and trial days elapsed. Going further down we can see some Oracle articles about news, and at last some Links related to HELP.

*At the home page we have some buttons for VM instance creation, BD, and other resources.

*At the left (next to the “Oracle Cloud” name) we have a “hamburguer menu” , that opens a left panel, where we can navigate through all the resources provisioned by the Oracle platform.

Daqui prosseguiremos para os tutoriais de uso do console, para criação de Bancos de dados, VMs , e demais recursos em nuvem.

From here we'll go on to the tutorials of using Oracle Cloud Console, for the creation of Databases, VMs, and other cloud resources.
